## **Instructions for Completion of Forms 107-I, 107-P, 108-OD, 108-CWP and 108-HL**

The medical report forms of the Department of Worker's Claims are designed to provide relevant medical information to arbitrators and administrative law judges to assist in determining the occupational implications of a work-related injury or an occupational disease. Therefore, it is important that each section of the forms be carefully and fully completed.

1. All information must be typed or neatly printed.
2. The Department of Workers Claims maintains a Physician Index with curricula vitae of physicians. Physicians may be included in this index by tendering a copy of current curriculum vitae with a request for inclusion to: Physicians Index Clerk, Department of Workers Claims, 1270 Louisville Road, Perimeter Park, Building C, Frankfort, Kentucky, 40601.
3. Use of the most recent edition of the AMA Guides to the Evaluation of Permanent Impairment is mandated by statute. Reference should be made to page numbers and tables only from the most recent edition for all physical injuries. For psychiatric conditions, the class of impairment should be stated, with reference to impairment ratings provided in prior editions.
4. Height of a patient should be measured in centimeters and without shoes. If the patient's height is an odd number of centimeters, the next highest even height in centimeters shall be used.
5. Objective medical findings to support a medical diagnosis means information gained through direct observation and testing of the patient, applying objective or standardized methods. KRS 342.0011(33)
6. Medical opinions must be founded on reasonable medical probability, not on mere possibility or speculation. Young v. Davidson, Ky., 463 SW2d 924(1971).
7. Preexisting dormant nondisabling condition is defined as a condition which is capable of arousal into disabling reality by work activities or injury. The condition must be a departure from the normal state of health. KRS 342.020, Newberg v. Armour Food Co., Ky., 834 SW2d 172 (1992).
8. **Any person who knowingly and with intent to defraud any insurance company or other person files a statement or claim containing any materially false information or conceals, for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime.**
